

FINANCIAL TERMS FOR SERVICES RENDERED

Thank you for choosing to work with me in psychotherapy. In order to facilitate a smooth and uninterrupted professional relationship, it's best to be clear about our financial and logistical considerations at the outset. **Please carefully read the information below, and sign at the bottom.** If you have any questions, feel free to ask them in our first session. If I can't provide an answer, then I encourage you to take them and any future billing questions directly to my external **CLINICAL BILLING SERVICE (CBS) @ (434) 9773806**

Note that **an individual psychotherapy session is billed at a rate of \$150.00 per session. The charge for an initial diagnostic session is \$175.00.** If you wish to utilize your insurance to cover some of my fee, as of 1/1/20, **I am only in-network with the Optima insurance company. That doesn't mean if you're insured by another company it will not provide you with some financial support.** It's just that the extent of what they'll pay will be predicated on the percentage of the fee they establish with their in-network providers. Additionally, be sure to find out what your deductible is and what percentage of my fee they cover, because ultimately **you are responsible for the balance.**

Since I need the time between sessions to write or read notes, and return calls, I **would appreciate your having the check written beforehand.** You can make it payable to ACV (Associated Clinicians of Virginia), or to Frank Pasciuti.

Once we agree on a regular meeting time, I will in effect be reserving that time for you. If **for any reason you can't make your session, I require a 24 hour advanced notification.** Please notify me on my land line (9795994), my email, frankpasciuti@hotmail.com, or cell (9897098). **Neglecting to do so will incur a cancellation charge of \$95.00.**

Please sign below to indicate that you have read and understand the above conditions so we can commence our work together. Thank you.
